TIREDNESS, SINUS & CANINE CANCER

"I have an elder golden retriever, Sam, who is 15 years of age. On August 16, 2005 he was diagnosed with cancer in the sinus cavity area. The vet explained that Sam was at the latter stages of his cancer and we should plan to put him down. They gave us 4 days of antibiotics for the associated infection. He could not breathe normally or without difficulty and blood was continually coming from his nose. The reason for the 4 days was due to the plans to spend time with him and put him down on the 4th day, Saturday, August 20, 2005.

I had just received my supply of the liquid zeolite. I decided to try the product with my dog, Sam. I figured that there

was nothing to lose. I gave him 6 drops on his tongue 3 times per day. I started on Wednesday, August 17. By August 19, the blood had stopped coming from his nose and he was breathing easier. On August 20, Sam stopped just lying on his bed and was up and around running in the back yard taking the other dogs toys to play with. Sam has continued to survive and has continued to run and play. I realize he is 15 years of age and will not live too much longer. However, I believe that the liquid zeolite is incredible in that it lengthened Sam's life."

AND ANOTHER.....

"Our family began taking liquid activated zeolite three weeks ago. For the

past 4 years, my ph has been VERY acidic (below 5.5) which made me extremely tired most of the time. After just a couple of days on the zeolite, my pH was up to 6.5 and my energy level has been consistently high. Also, my sinus passages have been chronically stuffed up for at least the past 20 years. To my surprise, after a week on the liquid activated zeolite, these passages cleared and I can now breathe through them which is thrilling. (I often wondered when I was told to breathe through my nose why that was so impossible!)

However, the most exciting thing for me has been the experience our 21 year old daughter has had taking the zeolite. For the past 6 months to 1

year, she has been complaining about being tired all the time, not having any energy and getting sick often. I sent her all kinds of vitamins and supplements and nothing seemed to help. She had a sore throat the day she received her first shipment of liquid activated zeolite. By the next day, her sore throat was gone and she had energy! She is like a different person. In fact, she said to me last weekend, "Mom, it's SO GREAT to wake up and NOT BE TIRED!" Her energy is high and her disposition is so positive and upbeat! We continue to be amazed by the results we are experiencing!". *Shayla Hill*

CALM HORSE THANKS TO SUPPLEMENTS

"Please may I order some more Alleviate and Tox-Defy. I am absolutely delighted with the results since I have been using these products on my mare, Misty. When I spoke to you a couple of months ago I was ready to sell my lovely mare as her behaviour was so extreme and she

had become absolutely unrideable and not a pleasure to handle, showing just about every symptom mentioned in your information leaflet.

She is now on more suitable pasture and I am feeding her plain feeds like meadow hay & chaff as you suggested and

she is back to the lovely natured, quiet mare, that I thought I had bought.

Many thanks for your help and suggestions, I have put several people onto your products as they were having similar problems with their horses.

Thanks again" P.D.

FEEDBACK FROM OUR CUSTOMERS

RGW RELIEF PACK

"Excellent product, results were very clear with our persians ringworm within 48 hours!" H.P

SIBLING RIVALRY & NERVE TONIC CAPSULES

"We have two Dalmatians - a mother and daughter who are both desexed. They have had a great friendship, however, the mother started to become so vicious intermittently with the daughter

that one day we came home to a dog that was having trouble walking. We were initially told that we'd potentially have to separate them permanently which was not top of our wish list. We called the guys at Greenpet and Julie recommended Sibling Rivalry, and in conjunction with Greenpet Nerve Tonic, we no longer have any issues. It was like a miracle. Thanks Julie & Dominic - our girls and we are happy again." D.W.F

EQUIMIN SUPPLEMENT

"I have been using Greenpet Equimin supplement for a few years now, on all my horses and they look great. Keeps them healthy and so much easier than adding all the supplements I used to. Thanks for a great product and keep up the good work". M.F

TECHNYFLEX CANINE

"Wonderful capsules! Noticeable improvement in my dog's walking. Before my dog was

having pain and weak rear legs and now he can walk." L.YK

MUESLI TREATS

"My dogs love these treats, they get so excited when the container comes out, its great to find a healthy alternative for them.:" H.P
