**FIND OUT WHICH FOODS ARE MAKING YOU SICK
and WHICH FOODS YOU CAN EAT**

Many people today suffer from allergies. Allergies are accumulative and a reaction may not take place for up to four days. Often people crave the very foods they are allergic to.

It is very important that you have as many items as possible checked. Our programme includes Bio Compatibility testing for **300 local foods and products**. Our focus is to give you a list of safe foods you can use.

Allergies cause inflammation. Researchers now say that inflammation is involved in up to 98% of diseases.
